Date of Birth

02/10/1997

Nationality

Argentina

DNI

40.384.843

Marital Status

Single – No Children

Professional Objective

I am an advanced student in the Bachelor's Degree in Systems at the National University of Patagonia "San Juan Bosco," with a strong interest in the technology sector and programming. My goal is to gain professional experience that complements my studies and allows me to apply and expand my knowledge in a real work environment. I am particularly interested in roles involving software development, data analysis, and IT project management.

Profile

I possess a strong ability to learn and adapt, and I stand out for my proactivity and responsibility. My studies and certifications in programming languages such as Python, JavaScript, and Ruby, along with my training in data science, have provided me with a solid technical and analytical foundation. I am ready to face challenges and contribute effectively to technological projects.

Education and Certifications

High School N° 735 2009 – 2015

College N°708 "Malvinas Argentinas" 2016

Title: "Commercial Expert with a focus on Administrative Accounting Informatics"

Bachelor's Degree in Systems 2020 – Present

Focus on planning, management, and control of IT projects.

Scholarship "Se Programar" 2022

Advanced Course in JavaScript and Ruby. Certificate: shorturl.at/dR468

Coder House:

Advanced Python Course 2022

Course focused on web API programming in Python using Django. Certificate: shorturl.at/Q0Iav

Data Science Course 2023

Course focused on data handling and implementation of predictive models with machine learning. Certificate: shorturl.at/uUEz9

Languages

Spanish	Native
English	A2 – B1

Skills

Programming Languages and Libraries:

- Python:
 - Django (shorturl.at/wHdPj)
 - Pandas (shorturl.at/MhE7R)
 - JavaScripts
 - <https://lucassanc.github.io/portfolio/>
 - C++
-

Conclusion

I am excited about the possibility of contributing and learning in your company. I believe that my technical skills, academic background, and work experience make me a suitable candidate for roles in software development, data analysis, and project management. I look forward to the opportunity to discuss how I can contribute to the growth of your organization.
